

Soil Health & Crop Recommendation Report

Report Date: November 06, 2025 at 21:03:12 UTC

Farmer Information	
Name:	Test User
Phone:	1234567890
Location:	Test Location
Land Size:	23.00 acres

Parameter	Value	Unit
Nitrogen (N)	85.0	mg/kg
Phosphorus (P)	93.0	mg/kg
Potassium (K)	80.0	mg/kg
pH Level	6.50	
Temperature	25.0	°C
Humidity	60.0	%
Rainfall	100.0	mm
Soil Type	Alluvial Soil	

Recommended Crop

Predicted Crop	Rice
Confidence Level	0.0%

Soil Health & Crop Recommendation System

Comprehensive Agricultural Analysis Report

Rainfall Analysis

Soil Treatment Recommendations

No specific soil treatment recommendations available.

Fertilizer Recommendations

Fertilizer Requirements for rice:

- Land Size: 23.0 acres
- Current NPK: N=85.0, P=93.0, K=80.0 mg/kg
- Ideal NPK: N=90.0, P=40.0, K=40.0 kg/acre

Soil Health & Crop Recommendation System

Comprehensive Agricultural Analysis Report

Required Application:

- Nitrogen (N): 115.0 kg total (5.0 kg/acre)
→ Apply in 2-3 split doses: 50% at sowing, 25% at tillering, 25% at flowering
- Phosphorus (P): 0.0 kg total (0.0 kg/acre)
→ Apply as basal dose before sowing/transplanting
- Potassium (K): 0.0 kg total (0.0 kg/acre)
→ Apply in 2 splits: 50% basal, 50% at flowering

Organic Alternatives:

- Compost/FYM: 5-10 tons/acre (provides N, P, K)
- Green Manure: Leguminous crops (fixes N)
- Biofertilizers: Rhizobium (N), PSB (P), VAM (P)

Crop-Specific Tips for Rice

Ensure consistent water supply and transplant in puddled field. Maintain 5-7 cm water depth.

Additional Notes

- These recommendations are based on comprehensive soil analysis and advanced ML predictions.
- Actual results may vary based on local conditions, weather patterns, and farming practices.
- Consult with local agricultural experts before making major farming decisions.
- Regular soil testing (every 2-3 years) is recommended for optimal crop management.
- Consider crop rotation and organic farming practices for long-term soil health.
- Monitor weather forecasts and adjust irrigation schedules accordingly.
